FOREWORD

"Nothing now is left but Majestic Memory."

Longfellow

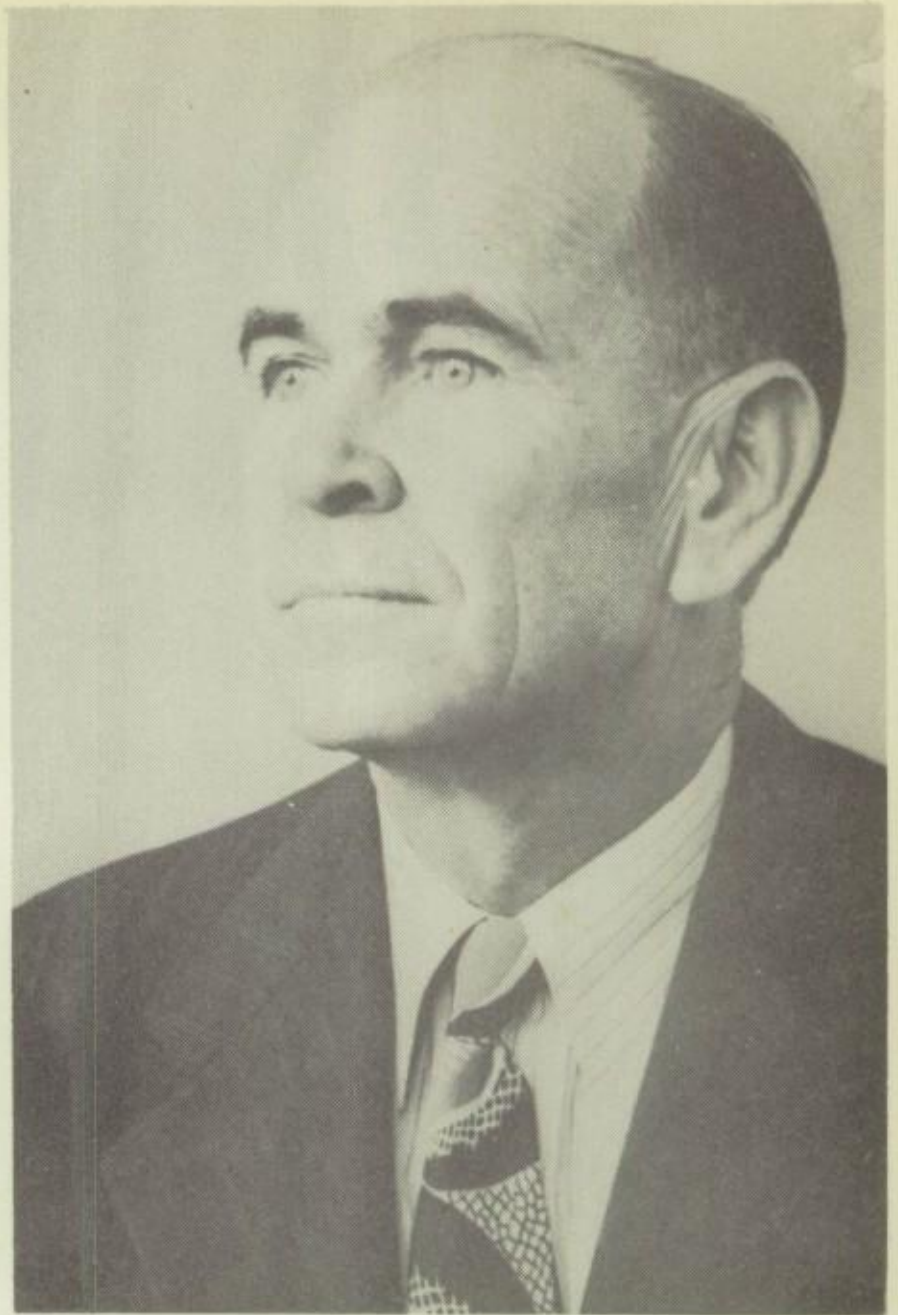

In the production of this yearbook, it has been our chief aim to retain the memories of our school days that are now behind us.

The Annual Staff wish to thank the faculty, students, friends and business houses whose cooperation with us has made this annual possible.

THE STAFF

Mabel Ann Talley
Editor-in-Chief

DEDICATION

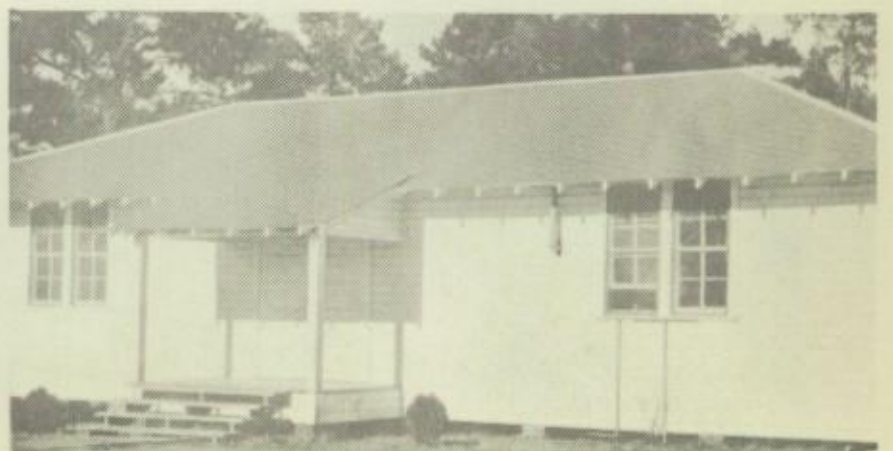

It is with pride that we dedicate this 1947 edition of the Bearkat to our Superintendent, Mr. J.E. Miller.

To him we owe much gratitude for his patience, counsel, and guidance through our high school days. His just attitude toward each boy and girl might be expressed by one of his favorite quotations:

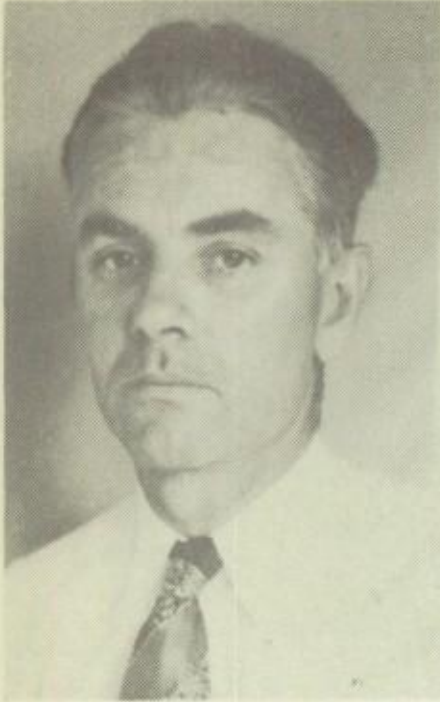

"There is nothing good or bad but thinking makes it so." Shakespeare.

A MESSAGE

TO THE STUDENT BODY
BURKEVILLE HIGH SCHOOL

My Dear Friends:

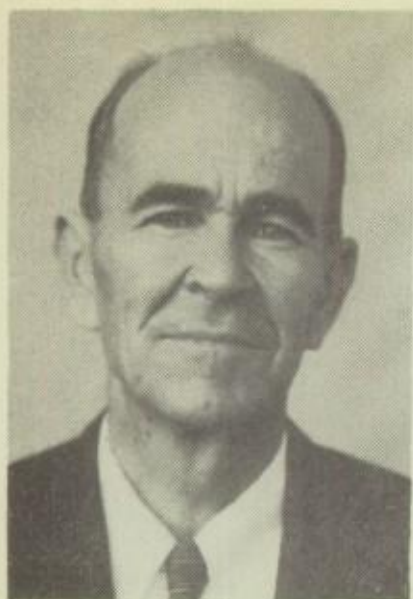

Another year has passed and the world is still torn with strife, filled with unbelievable chaos. The problems continue to increase until the minds of the strongest are puzzled and the souls of the greatest are tried. You must face such a world. You cannot evade or avoid it if you would.

It is not a hopeless world if we have young men and young women who will look up and out, who will dare to continue to fight when fighting seems hopeless, and who will stand for the best though they must stand alone. Victory will come out of chaos, the problems be solved, and a better world created. It is my prayer that you will take your place as men and women in this world and help to make it better.

Sincerely and prayerfully,

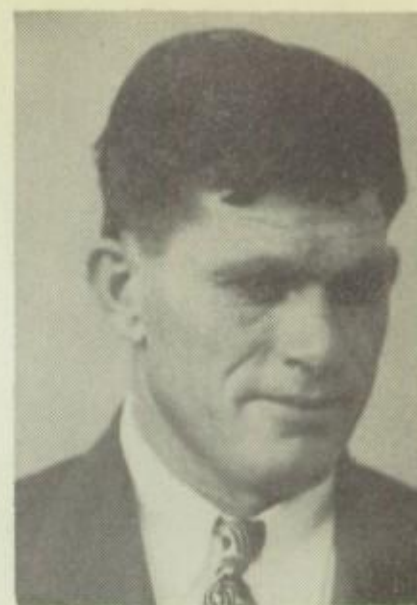

A handwritten signature in cursive script, reading "C. J. Smith".

CLASS HISTORY

We, twenty-two uncertain boys and girls, booked passage in 1943 on the great airliner, "The Freshman," for a four-year trip with Graduation Island as our destination. During the first year this trip did not seem necessary, but when we changed planes and boarded "The Sophomore," we were eager to complete our trip. We glided smoothly along on this grand plane. We worked hard and soon gained passage to another airliner, "The Junior." This was an exciting plane. We became better acquainted with our fellow-mates and had parties, banquets, and other exciting entertainments, but this new excitement was soon over.

Monday morning, September 2, 1946, we met at the airport, Burkeville High School, for the last lap of our journey. When we settled down in the most magnificent plane of all, "The Senior," flashing its emblem, the gladiola, on colors of aqua and gold, only fifteen of our classmates were present to complete the trip. We were all proud of our progress and worked harder than ever before. The banquet on April 18, given the Seniors by the Juniors, was one of the outstanding events of the journey. Our visit on April 25, a dark stormy night, to "Spooky Tavern" was an event which will long be remembered as a mystery hard to solve. Now we have reached our destination, Graduation Island, which we have worked for all these years. As our plane glided into the airport each passenger of "The Senior," for the first time, realized that the parting moment had arrived and that "Its not the square miles but the square people that make a nation great."

HOMEMAKING DEPARTMENT

The first half of the term was devoted to the study of foods, and nutrition, meal planning and table service by both groups, Sophomores and Freshmen. Since space permits such a short summary of the year's work only the outstanding features will be recorded.

After the Freshmen had made a study of the Breakfast Unit they were granted permission to teach a nutrition class in Grammar School to grades from one to seven inclusive. They prepared lesson plans, posters, and other illustrative materials on "A Balanced Breakfast for a Child." The young teachers held the interest of the children to the extent that they were urged to repeat the project.

The Sophomore group made a study of luncheons and suppers and planned, prepared, and served a Thanksgiving luncheon on two occasions to the faculty and members of the Board of Education. They also entertained the local P.T.A. Chapter with a service of coffee and cakes which they had made as a class project.

The clothing classes were most successful. The Freshmen girls made an intense study of color combinations, weaving, materials, seams, button holes and finishings, adjusting and fitting patterns. This group completed two very attractive cotton frocks each and a set of stuffed "Cats" which were given to the school to provide an entertainment for the annual Halloween Carnival.

The Sophomore girls completed a pair of hand hemstitched and drawn worked pillow cases, two dresses, one cotton and one silk. Each girl made and dressed a large size character doll. Dolls were sold and funds will be used to add new equipment to the department. Each sophomore girl made a set of kitchen towels with fancy stitches for decoration.

The department has been equipped with butane gas, a large butane heater, and two butane Tapin ranges. The School Board certainly did a great favor by supplying this fine equipment for class work. A dinner set, service for eight, was also purchased for the department with funds obtained by the Homemaking Girls.

As a whole the work with the 1946-1947 Homemaking classes was a very pleasant task. The students were very cooperative and interested in their work. May we look back and say, "This has been our best."

I am a future farmer because:

It gives me an opportunity to be enrolled in Vocational Agriculture classes, and to work for the advancement of my community, district, state, nation, world, my fellowman, and myself. I am a member of the only National Organization for the training of rural boys through our public school system. It gives me an opportunity to cooperate with 200,000 other boys for the betterment of rural America.

It provides additional opportunity to train myself as a farmer and as a farm citizen.

It provides additional opportunity for me to develop my talent in leadership ability.

It provides practical experience on my own level with my own problems and thus increases my chance to learn new ways and new things.

It encourages and assists me in habits of right living.

It teaches me to deal with myself and to work with others.

It teaches me to be thrifty, to save, and to have.

It broadens my acquaintance and allows me to exchange ideas with the other fellow interested in the things in which I am interested.

It raises my values to my community as a good citizen.

It regards and encourages my efforts and enlarges the scope of my opportunities.

THE EXECUTIVE COMMITTEE

BURKEVILLE-WIERGATE P. T. A.

The Burkeville-Wiergate Parent Teachers Association is celebrating its tenth year of work and service. During these years, the welfare of children has been its chief aim. This year it has had as its goal to provide better reading materials for all grades. As children and adults use the new library books, may they think that to P.T.A. Members the following rhyme is the expressed desire for good reading:

*"Books are windows where we see,
Into days that used to be,
Books are windows open wide,
To the beautiful world outside."*

This has been the greatest year in the history of the P.T.A. organization. More events have been sponsored: The Halloween Carnival, the basketball tournaments, the Negro play, and many outside radio programs.

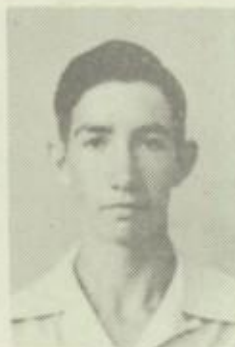

To the local officers and members, may we dedicate this page to you for your wonderful service and cooperation.

Princess - Marjorie Woods and *Prince* - Dwayne Dickerson
Princess - Veigh Dickerson and *Prince* - Newman Fort
Princess - Janice Erwin and *Prince* - Loy Kadle Low
Princess - Claire Nell Mattox and *Prince* - Danny Shaddock

When the above Royal Court Parade was finished, the elementary school presented "Seasons of Happiness." This cast numbered sixty-five boys and girls from all elementary grades. Joe Gene Freeman was King Winter. He lost his throne to Margaret Ann Gasway who was Queen Spring. Her crowning was also a very colorful event as all spring flowers attended.

Treasured Memories

Your yearbook is a store of treasured memories. The oft repeated thrill of recollection which accompanies each new search through its pages will many times repay you for the care and consideration which has gone into its creation.

We are proud of the part we have had in the production of this book. It indicates the wealth of ideas and ability which have made possible the long record of our school annual achievement.
